About Us

LightSpeed Electric Bicycles are Made in India

We are based out of Ahmedabad, Gujarat

All our electric bicycles come with Pedal Boost Sensors and an Agile Twist Throttle

Our electric bicycles run on premium Lithium Ion Batteries from reliable brands

Manufacturing Capacity: 500 electric bicycles/month
An urban electric bicycle, designed for city rides in plains on asphalt streets. The Glyd manoeuvres flyovers, steep slopes, bumps, and small potholes effectively. Ideal for commuting to office, running errands, and working on your fitness.
A Step-Thru electric bicycle that’s ideal for your whole family. This comfort ride is designed keeping in mind both, men and women, teenagers, adults and senior citizens alike.

₹3000/-

- 8.8 Ah Battery Capacity
- LED Display
- 1.95 Tyre
- Step Through
A robust mountain bike with a sporty MTB frame. The Dryft is designed to effectively manoeuvre adventurous trails, hilly routes, steep slopes, uneven tracks, and unpaved pathways. This electric bicycle also effortlessly handles city streets and is great for working on your fitness, making it a multi-utility EV.

**Available in Wheel size 26/27.5**
A high performance e-cycle designed to impress. Inspired by the speed and stealth of a powerful predator, Rush is imbued with immense agility and sex appeal. Its dual-tone golden streaks add a subdued zing to this electric bicycle. Ideal for night time escapades, urban commutes, and long leisure rides.
A powerful beast that thunders in noiselessly; Lighter than it looks, stronger than it seems, a true blue mean machine designed to conquer every terrain it treads. This muscular electric bicycle with huge, fat tyres, is great for off-roading, mountain biking, and of course, making a statement.

BAMBOOCHI
Handcrafted Electric Bicycle

MRP starting from ₹150000/-

Lighter than aluminium, stronger than steel. This one of a kind, made to order e-cycle is handcrafted out of bamboo and carbon fibre, and runs on a Portable Lithium Ion battery. The frame geometry of the Bamboochi is designed and calibrated to suit every individual’s unique body structure.
Your LightSpeed Electric Bicycle Works in 3 Ways:

**Pedal Boost Mode**
*(Human Effort + Electric Support)*
Pedal on with assistance from the battery and motor. Choose from various levels of assistance.

**0 Effort Ride**
*(Electric Only)*
Twist the throttle and ride like a moped, without pedalling.

**Like a Regular Bicycle**
*(Human Effort Only)*
Keep all electronics off and pedal on.
All LightSpeed Electric Bicycles Come With:

- 250w 36v Motor
- 36V Battery Voltage
- 18650 series Battery Cell
- 3A Charger Display
- 250w 36v Motor
- Portable Lithium Ion Battery
- Full Twist Throttle
- 12 Magnet Dual Hall PAS Sensor
- Electronic Cut-off while brakes are applied
- IP 65 Water Resistance
- ARAI certified
- 25 km/hr Top Speed
- Aluminium Frame
- Front Suspension
- Dual Disc Brakes
